## Part 1 General Statement of Policy

This document is the Health and Safety Policy of The Arc Community Hub, 22 Knox Road, Loughborough, LE11 2UP.

Our policy is to:

- A) Provide healthy and safe working conditions, equipment and systems of work for our employee(s), volunteers, committee members and hirers.
- B) Keep the community centre and equipment in a safe condition for all users.
- C) Provide such training and information as is necessary to staff, volunteers and users.

It is the intention of the Grange Park Centre Charity (the Arc Community Hub Management Committee) to comply with all health and safety legislation and to act positively where it can reasonably do so to prevent injury, ill health or any danger arising from its activities and operations.

The Grange Park Centre Charity considers the promotion of the health and safety of its volunteers, employees, and those who use its premises, including contractors, to be of great importance. The Grange Park Centre Charity recognises that the effective prevention of accidents depends as much on a committed attitude to safety as on the operation and maintenance of equipment and safe systems of work. To this end, it will seek to encourage employees, volunteers, committee members and users to engage in the establishment and observance of safe working practices.

Employees, volunteers, hirers and visitors will be expected to recognise that there is a duty on them to comply with the practices set out by the committee, with all safety requirements set out in the hiring agreement and with safety notices on the premises and to accept responsibility to do everything they can to prevent injury to themselves or others.
